EDUCATION

■ Graduated from the State Classical High School in Trebisacce (CS) in 1989 with 58/60 marks.

■ Member of the Faculty of Medicine of the Catholic University of the Sacred Heart in Rome, attended the following departments of the University:

o General Pathology

o General Pharmacology

o Obstetrics and Gynaecology

o Day Hospital of Obstetrics

Graduated from the Catholic University of the Sacred Heart in Rome on 24/10/1995 with 110/110 cum laude marks. Final dissertation: "Fetal blood sampling by cordocentesis in fetal diagnosis and therapy"

■ Admitted to the medical profession in the first examination session of the year 1996 (May) with marks 100/100 cum laude

■ Member of Register of Physicians and Surgeons of Cosenza from the same year up to the present time

■ Specialization in Obstetrics and Gynecology with 50/50 cum laude marks at the Catholic University of the Sacred Heart in Rome on 05/11/2001, with the thesis "Twin-to-twin transfusion syndrome: therapeutic amnio-reduction and experimental model of laser therapy."

■ European recognition of the international qualifications of the above-mentioned specialization degree in the same year.

■ In 2000, internship at the Center of high-risk pregnancies in Poissy Paris (France), directed by prof. Y. Ville, with knowledge and practical experience of laser therapy in twin pregnancies with twin-to-twin transfusion syndrome.

■ Experience of laboratory research in the period 1992-1994, studying the mechanism of action of the cardiotoxicity of anthracyclines with Professor Giorgio Minotti at the Catholic University of the Sacred Heart, Institute of General Pathology.

■ In the period 1993-2003, actively participated in the experimental surgery on animals at the Catholic University of the Sacred Heart in Rome, performing as operator obstetrical fetal surgery experiments on animals, focusing, in particular, in experimental models of creation and subsequent correction in the uterus of Spina Bifida, urethral stenosis, liver regeneration.

With the same aim of experimental surgery she was part of GIRTEF- interdisciplinary group of fetal surgery. Actively participated in the transplantation experiments of stem cells in the coelomic cavity of experimental models (sheep), performing ultrasound before and after transplantation in the same animals.

☛ She has clinical experience in Fetal Medicine, attending and working clinically from 1993 to the present time at the Fetal Diagnosis and Therapy Center of the Policlinico A. Gemelli and acquired practical knowledge in diagnostic techniques, both non-invasive (ultrasound of I, II and III level) and invasive (amniocentesis and Cordocentesis) performed with diagnostic and therapeutic purposes for low and high-risk pregnancies. She possesses particular expertise in pre-conception counselling on infections during pregnancy, congenital abnormalities and maternal-fetal Rh immunization.

☛ In the last year she was involved in performing three-dimensional obstetric ultrasound.

☛ Received the Accreditation of Ultrasound in Obstetrics Operators, SIEOG, Gubbio, in December 2002, as an accredited provider n. 631

☛ Member of SIGO since 2019

☛ In 2004 obtained a Diploma in "Fetal Medicine Examination" of the "Fetal Medicine Foundation" in London

Certificate of Competence in I trimester Screening: obtained

☛ Actively engaged since 2000 as a consultant in a national telephone counselling service "Telefono Rosso" Teratology Information Service (TIS), Information Service of the Policlinico Gemelli on pre-conception risk factors, pregnant and lactating women. This TIS is part of ENTIS - European Network of Teratology Information Services, which cooperates for the collection of clinical data and publication of the same and for international scientific research projects.

☛ From the year 2001 until the present time active on clinically HIV-positive pregnant patients at the Catholic University of Rome and co-operating with the Institute of Infectious Diseases of the same institution to the ISS research program to Pregnancy and HIV

☛ Member for the biennium 2005-2006 of the inter-university research project COFIN, 2004 Announcement: "Prenatal exposure to antifungal drugs: pregnancy outcome and neonatal follow-up", at the Research department of the Catholic University of the Sacred Heart. Total co-financing: €40,000. Prot. 2004063099-002

☛ Consultant at the Institute of Obstetrics and Gynaecology (Fondazione Policlinico Universitario A. Gemelli IRCCS - Roma), with full-time employment contract in the months of July-August 2003, May 2006 to November 15, 2007, and from December 2006 to January 2020.

☛ Director of Complex Operative Unit "Obstetrics and Gynecology" at Ospedale Santo Stefano (Prato) from February 2020 until the present time.

Teacher at the degree program for students midwives at the San Carlo University of Potenza, teaching Perinatal Medicine during 2009-2010 and 2010-2011.
